

Boston Metro

Environmental Justice Criteria:

Environmental Justice (EJ) populations are determined by identifying Census 2010 block groups that meet any of the following criteria:

Income	the annual median household income is not more than 65% of the statewide annual median household income
--------	---

English language isolation 25% or more of households lack English language proficiency

Minority population minorities comprise 40% or more of the population

Minority population + income	minorities comprise 25% or more of the population and the annual median household income of the municipality in which the block group is located does not exceed 150% of the statewide annual median household income

Populations meeting one EJ criterion

income

minority population

English isolation

Populations meeting two EJ criteria

income and minority population

income and English isolation

minority population and English isolation

Populations meeting three EJ criteria

income, minority population
and English isolation
